

Empowering our clients with cutting-edge technology to meet future healthcare needs today.

---

## **Our Mission**

It's simple -- to create the most advanced, intuitive technology solutions that enable healthcare providers to focus on more important things: their practice and their patients.

## PRACTICE MANAGEMENT SOLUTIONS

### IMS MANAGER

Increase productivity and revenue with IMS Manager, a practice management solution designed to manage authorizations and referrals, revenue cycle, MU count, and more.

### IMS CLINICAL

IMS Clinical allows you to see your patients quickly and efficiently while maintaining high quality of patient care.

## CLINICAL MOBILITY

### IMSGo

Your practice—Accessible everywhere. IMSGo, a mobile EHR solution, is designed to expand the potential and accessibility of your EHR. With IMSGo, you can schedule and maintain appointments, record visit notes, and much more!

## PATIENT ENGAGEMENT

### IMS CAREPORTAL

Engage patients in their own healthcare with IMS CarePortal, an online patient portal that allows your patients to view, download, and transmit records online. Equip your patients with tools such as patient forms, messaging, online bill payment, appointment request features, and much more.

### IMS PATIENT APP

Optimized for mobile devices, IMS Patient App allows your patients to view their health records, send requests for prescription refills, and manage their bill payments. Patients can also view scheduled appointments, request new appointments, and communicate with your clinic securely through its integrated messaging feature.

## COMMUNICATION

### IMS INTOUCH

Reduce the number of missed appointments with IMS InTouch, an email and text messaging tool that automates the process of appointment confirmation. Notify patients of upcoming or missed appointments and any new notes, reminders, and more.

## Industry Solutions

Stay ahead of the curve by meeting your demands, maintaining compliance with industry regulations and standards.
